

HEALTH AND SOCIAL CARE BTEC TECH AWARD

INTRODUCTION

This exciting and challenging course will introduce you to Health and Social Care and you will gain the important knowledge, understanding and skills that are needed for working in this sector. This will include many of the skills that are used by health and social care professionals everyday such as assessing the health and wellbeing of individuals and designing individualised care plans. You will learn about health care services and the importance of care values with the opportunity to apply these to everyday scenarios.

HOW WILL I BE ASSESSED?

Components 1 and 2 will be internally assessed coursework and Component 3 will be an external assessment assessed by the exam board.

WHAT WILL I LEARN?

COMPONENT 1: Human Lifespan Development

COMPONENT 2: Health and Social Care Services And Values

COMPONENT 3: Health and Wellbeing

FUTURE OPPORTUNITIES

BTEC Tech Award in Health and Social Care provides the knowledge, understanding and skills to progress to: Level 3 vocational qualifications, such as the BTEC National Diploma in Health and Social Care or BTEC Nationals in other sectors.

FUTURE OPPORTUNITIES

A BTEC in Health and Social Care provides progression into careers such as a paramedic, nurse, health care practitioner, child care practitioner, teacher, social worker and many more.

FURTHER INFORMATION

Throughout the course students will be encouraged to use their own initiative, work individually and in groups. The focus of knowledge is on the complex issue of child development rather than child care, also the holistic development from age 0 to 90 years.

For more information please contact Mrs Humphries, Head of Health and Social Care or Mrs Clovy, Health and Social Care Teacher, or access the website below for full course details – <https://qualifications.pearson.com>
