

Work Experience 2026

Our annual UK Work Experience Week will be taking **6th – 9th July 2026** at our Ampthill, RNAS Culdrose, Gloucester, Havant, Harwell, London and RAF Marham sites.

This week is full of interactive activity with subject matter experts! Providing students with opportunity to get to know more about Lockheed Martin, the projects we work on and how we can potentially support their future career.

For students in **Year 10 – 13** with a passion for Engineering, Manufacturing, Computing, Project Management or Business.

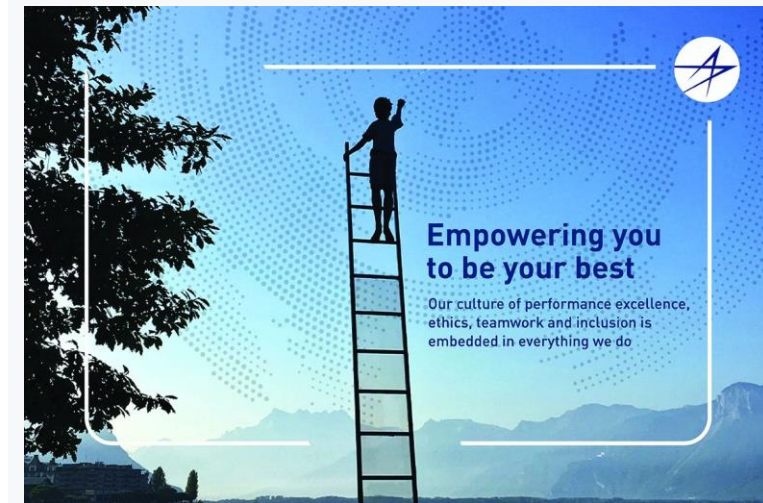

Application Window: 11th February – 31st March 2026

Email Subject Header: Site Location + Application (e.g. Ampthill Application)

Submission: CV and Letter of Interest, to include:

- Reasons for applying
- Current education plans for after school including justification
- Experience expectations – what you hope to achieve as a result of attending and how this will support future career ideas
- Personal connection to Lockheed Martin employee (parent etc.) if applicable.

✦ A quick tip: Let your enthusiasm shine – the team loves students who show genuine curiosity and a bit of preliminary research on what we do at the sites.
