17th June 2024

Dear Parents/Carers

Year 9 Maths assessment

Year 9 students will be sitting an end of year assessment for Maths in the hall on Tuesday 25th June 2024 at 11.20am. This assessment will last 1 hour.

This assessment will provide valuable feedback on your child's Maths progress and support us in setting students as they move into Key Stage 4. The assessment will provide both students and teachers alike with information regarding students' current understanding as well as gaps in their knowledge. As Maths is a tiered subject at GCSE with students sitting either the Foundation or Higher paper, this information will also ensure that students are set into the correct Maths classes for Year 10, as they start their journey towards their GCSE examinations. Please note that the tier of entry is not finalised until after the Year 11 mocks but this provides us with an early indication for teaching students the most appropriate content. It is imperative that students take the assessments very seriously both in terms of their preparation and conduct.

To start preparing students for exam regulations, which they will adhere to within Year 10 mocks and their full GCSE Examinations, students must write in **black biro** and store all equipment in a transparent pencil case. Students will need a black biro pen, a pencil and a ruler for their assessment. Please could I ask for your support to ensure your child arrives at school with their full equipment required.

The results of these assessments will be reported home before we break up for the summer.

I thank you in advance for your support; please do not hesitate to contact me should you have any queries regarding your child's mock examinations.

Yours faithfully

Miss Delaney
Head of Mathematics
