

Key Stage 4 results

School Performance Table 2022

Progress 8 is a national performance indicator aimed at measuring pupil progress across a set of eight subjects. Students' results are compared to the actual achievements of other pupils with the same prior attainment in their Key Stage 2 tests at the end of Year 6. Attainment 8 is another national performance indicator measuring a student's average grade across eight subjects.

| | School | National |
|---------------------------------------------------------------------|---------------|-----------------|
| Progress 8 score | -0.39 | -0.03 |
| Attainment 8 score | 42.76 | 48.8 |
| % of pupils achieving a grade 5 or above in GCSE English and Maths | 38.4% | 49.8% |
| % of pupils achieving a grade 4 or above in GCSE English and Maths | 58.6% | 68.8% |
| EBacc average point score (APS) | 3.67 | 4.10 |
| % of pupils entering the English Baccalaureate (EBacc) | 27.6% | 36% |
| % of pupils staying in education or going into employment after KS4 | 98.4% | 93.8% |

! Uneven impact of the pandemic on 2021/22 school and college performance data

We recommend:

- **Not making direct comparisons** with data from previous years or between schools or colleges.
- **Discussing with the school or college** factors that may have influenced these results and consider a range of information when forming a view on how well a school or college is doing, including pupil/student population information.

The individual school and college data should be used with caution. It reflects a school or college's results in 2021/22 but cannot provide information about the factors which may have influenced these results.
